Full Disclosure Pricing showing all funds due at time of delivery

- Includes all pre tax eligible discounts or rebates which are compatible with any special rate programs in effect.
- Lease pricing is extremely time sensitive. These figures are accurate as of today's date. While every effort is made to monitor market changes, manufacturers may change their pricing, residual values, interest rates or other support programs that may affect these payments at any time. Inside Track Canada or its subsidiaries assume no responsibility for any changes resulting from the above conditions.
- All trades are subject to final inspection unless otherwise indicated.
- License and Registration are extra if not included in these calculations. Net trade-in is not included as it does not represent a cash outlay.
